### **Executive Summary (optional)**

[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

The goals and objectives of the housing authority are to provide safe, decent, sanitary housing by upgrading and taking care of the units and properties of the housing authority and encouraging the residents to have pride in themselves and where they live by taking care of themselves, their dwelling units and the property. To strive to work together to provide a desirable neighborhood that anyone would be proud to live in.

#### 1. Statement of Housing Needs [24 CFR Part 903.12 (b), 903.7(a)]

Madison County is a bedroom county for the University of Georgia. It offers very few employment positions and affordable housing is essential to our county. It is approximately 20 - 25 miles to a major grocery store or fast food restaurant. Transportation is an important factor in obtaining and keeping a job. Job opportunities are minimal in the area therefore waiting list are minimal. By providing affordable housing, families are given the opportunity to focus on finding and keeping a job. Those who really need housing and are trying to improve their lives usually have these needs met in our area and try very hard to maintain the privilege of being a resident. Many out of area persons looking for housing in our area have usually abused the privilege of living in public housing, have an unfavorable history with the police dept., or an unfavorable rental history.
